

APPENDIX 3

RANKING IN A POOL

- 1 In each pool, all the teams will play against each other, and the following points will be awarded for each match :
 - three points to the winner;
 - one point to each team, in the event of a draw;
 - no points to the loser.

- 2 In each pool, teams will be ranked according to the number of points each has accumulated in the competition.
 - a If at the end of the pool matches two or more teams have the same number of points for any place in a pool, these teams will be ranked according to their respective number of matches won.
 - b If there remains equality among two or more teams, then these teams will be ranked according to their respective goal difference (which means “goals for” less “goals against”). A positive goal difference always takes precedence over a negative one.
 - c If there still remains equality among two or more teams, then these teams will be ranked according to their respective number of “goals for”.
 - d Should there still remain equality among two teams, then the result of the match played between those teams will determine the ranking of the tied teams.
 - e If more than two teams are involved, then a ranking based upon the results of the matches among (only) them shall determine their respective position, based upon the points awarded in accordance with paragraph 2.1 of this appendix. If there remains equality, then the teams involved shall be ranked according to paragraphs 2.2.a, b, c, and d of this Appendix.
 - f If there still remains equality among two or more teams, then these teams will be ranked according to the number of Field Goals scored in the pool matches.
 - g Should there still remain equality among two teams, then the ranking will be determined by a shoot-out competition between those teams (for details see Appendix 7 of these Regulations).
 - h If more than two teams are involved, then each team will play a shoot-out competition against the other teams in the same sequence of play as the order of play in the competition, in accordance with Appendix 7 of these Regulations but with one round of 3 shoot-outs only to be taken compulsorily by each team.
 - i A ranking will then be established based upon the results of the round of the shoot-out competition only, with the award for each play of 3 points to the team having scored the highest number of goals, 1 point to each team having scored an equal number of goals and 0 points to the team having scored the lowest number of goals.
 - j If equality remains then teams having an equal number of points shall be ranked according to paragraphs 2.2.a, b, c and d as applied to goals recorded during the shoot-out competition.

- k If an equal position of three (or more) teams still remains thereafter, then the same procedure shall be repeated until the teams can be ranked. The Technical Delegate shall make a draw to establish each sequence of play if such further rounds of shoot-outs are required.
