5 **PENALTY CORNER COUNTDOWN CLOCK**

Regulation: When an initial penalty corner is awarded, the timing of the match shall be stopped ~~for 40 seconds, as specified in Article 2 above,~~ (inter alia to permit defenders to put on protective gear etc) before allowing the penalty corner to commence. It is mandatory for all players defending a penalty corner to use head or face protection. The engaged Umpire shall advise both the defence and the attackers as the countdown ~~clock~~ approaches zero. After ~~40 seconds~~ if both teams are ready the Umpire shall re-start play by blowing the whistle and the ball shall be injected immediately or very shortly thereafter.

In the event that a team is not ready the engaged Umpire is to determine whether the delay is intentional, or in the case of the defending team, if the delay is due to players finding and putting on their full protective equipment. The priority for the Umpires is player safety and welfare, and therefore if a little more time is required for all defenders to be ready and fully protected, this should be given, without penalty. If, however, the engaged Umpire is of the view that there is an intentional delay resulting in a team not being ready ~~within the aforesaid 40 seconds~~, the Umpire is to identify and issue a personal penalty (i.e. a green card) to the player who is responsible for the delay, with an increased personal penalty (i.e. a yellow card) for repeated offences. If this player is a defender, the defending team defends the particular Penalty Corner with one player fewer. For any offence of this rule by a defending goalkeeper, the defending team defends the penalty corner with one fewer player: ie the corner is defended by one fewer player than before this incident. The defending team nominates which defender will be subject to a personal penalty.
